About myself

Full Stack Developer with a strong foundation in modern web technologies including HTML, CSS, Tailwind CSS, JavaScript, and TypeScript. Experienced in designing and developing responsive and user-friendly **web pages and websites** using React and Node.js. Skilled in both front-end and back-end development, with a solid understanding of database management and software development principles.

In addition to development skills, proficient in Microsoft Office tools (Word, Excel, PowerPoint, Access) and graphic design software such as Photoshop and CorelDraw. A detail-oriented and motivated individual with a passion for learning new technologies and creating high-quality websites.
